

Pets Policy

Most domestic dogs are welcomed at Rhosydd Bach (By prior arrangement), we do not allow large breeds or guard dog breeds as we have young children around most of the time.

Well behaved and obediently trained dogs are allowed in the cottages, please restrict them to the kitchen and living areas only, not to be allowed into the bedroom areas under no circumstances.

Usually no more than 1 dog allowed per visit (unless agreed otherwise).

Under no circumstances should any animals be allowed in the cottages on their own at any time, please make sure they are with you always.

You may take your dog on all the paths, roads, communal gardens, always keep them on a lead at all times, all dog excrement must be picked up and disposed of accordingly.

They are not allowed in our gardens and the play areas, and please do not enter any fields with stock in them.

As with all self catering establishments we expect them to be left clean and tidy upon departure, this is very relevant where animals have been, we do not charge extra for dogs but if we have additional work involved in cleaning and changeover resulting from animals then **you will be charged for the cleaning.**

Any damage caused to any items in the cottage will be fully chargeable to yourselves, our insurance does not cover any damage caused by domestic animals, so if you are not sure about him or her, please make other arrangements.

"get away from it all"
